IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Patent Application of:

Nurith KURN

Application No.: 10/017,880

Group Art Unit: 1637

Filed: December 13, 2001

Examiner: A. Spiegler

For: METHODS AND COMPOSITIONS FOR
GENERATION OF MULTIPLE COPIES OF
NUCLEIC ACID SEQUENCES AND
METHODS OF DETECTION THEREOF

COMMUNICATION

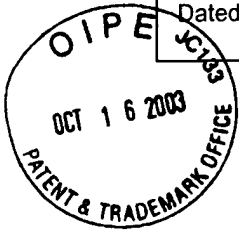

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This Communication is submitted in order for Applicant to resubmit copies of the scientific paper references (nos. 74-93) originally submitted to the United States Patent and Trademark Office (USPTO) in the Information Disclosure Statement (IDS) filed February 20, 2002.

In a telephone call on August 4, 2003 Examiner Spiegler indicated that he had the IDS and Form PTO-1449 from this filing, but that he did not have copies of the references. Examiner Spiegler requested that Applicant provide another copy of each scientific paper reference, which Applicant has enclosed herewith.

For the Examiner's convenience, a copy of the Form PTO-1449 is also enclosed, as are the transmittal sheet and return receipt postcard for the original IDS filing on

February 20, 2002.

No fee is believed to be necessary, as the IDS was originally submitted and received by the USPTO before a first Office Action on the merits, and because the present submission is to provide new copies of some of these reference, as requested by the Examiner.

CONCLUSION

No fee is believed to be necessary for the present filing. In the unlikely event that the Patent Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. 492692000300.

Dated:

10/16/03

Respectfully submitted,

By Cara Coburn
